FULL-TIME ENVIRONMENTAL HEALTH SPECIALIST

Richmond County Government's Health Department is recruiting for an Environmental Health Specialist.

Responsibilities: will involve a variety of Environmental Health programs including daily enforcement of State laws and rules pertaining to food and lodging, water supply, sewage disposal, childhood lead poisoning, swimming pools and tattoo parlors.

Minimum Education and Experience: Graduation from a four-year college or university with 30 semester hours of course work in the physical or biological sciences and two years of experience in environmental health, or a four-year or Master's degree in environmental health from a program which is accredited by the National Accreditation Council for Environmental Health Curricula of the National Environmental Health Association and one year of experience in environmental health. Must be registered or eligible to be registered as an Environmental Health Specialist with the N.C. State Board of Registered Environmental Health Examiners.

Salary: \$48,209.00 - \$50,506.00 depending on education and experience.

Benefits: Richmond County Government offers a great benefits package, including Local Government Retirement System, automatic 5% 401K contribution, free health and dental insurance for employee. Paid holidays, annual leave time, sick leave time, petty leave time. Will accept sick leave balance transfer from another NC local government employer after one year of service, annual leave time will accrue based on years of service in NC local government retirement system. Other voluntary benefits as well.

Application: Qualified applicants must submit a PD-107 (State Application), resume, and transcripts to one of the following;
